NOW THAT'S A
SMART CHOICE.

DESIGNED TO ADD ELEGANCE.

Archer Aluminium Composite Panels, a quality product of Euro Panel Products Limited, are innovative products that are designed to create contemporary wonders.

To cater to various needs of our customers, we have an established state-of-the art manufacturing unit at Umbergaon. The Plant speards in 3.5 acres of land (1.52 lac sq.ft.) with the installed capacity of producing 20000 sq. mtrs. Daily with a coil thickness ranging from 0.04mm to 0.50 mm and ACP thickness ranging from 1 mm to 4 mm. Archer ACPs are available in various sizes, styles, textures, and finishes.

Archer Aluminium Composite Panel Sheets are a composition of Aluminium sheets bonded to a non-Aluminium core. They are washable, corrosion-resistant, durable and offer unbreakable strength with an unmatched beauty. Archer ACP sheets are used for a variety of interior and exterior applications. Specially designed for signages, these ACP sheets add to their strength & elegance, leaving a lasting impression. The front skin being PVDF coated provides excellent colour retention, gloss retention, UV stability, weather resistance, and pollution resistance with negligible periodic maintenance.

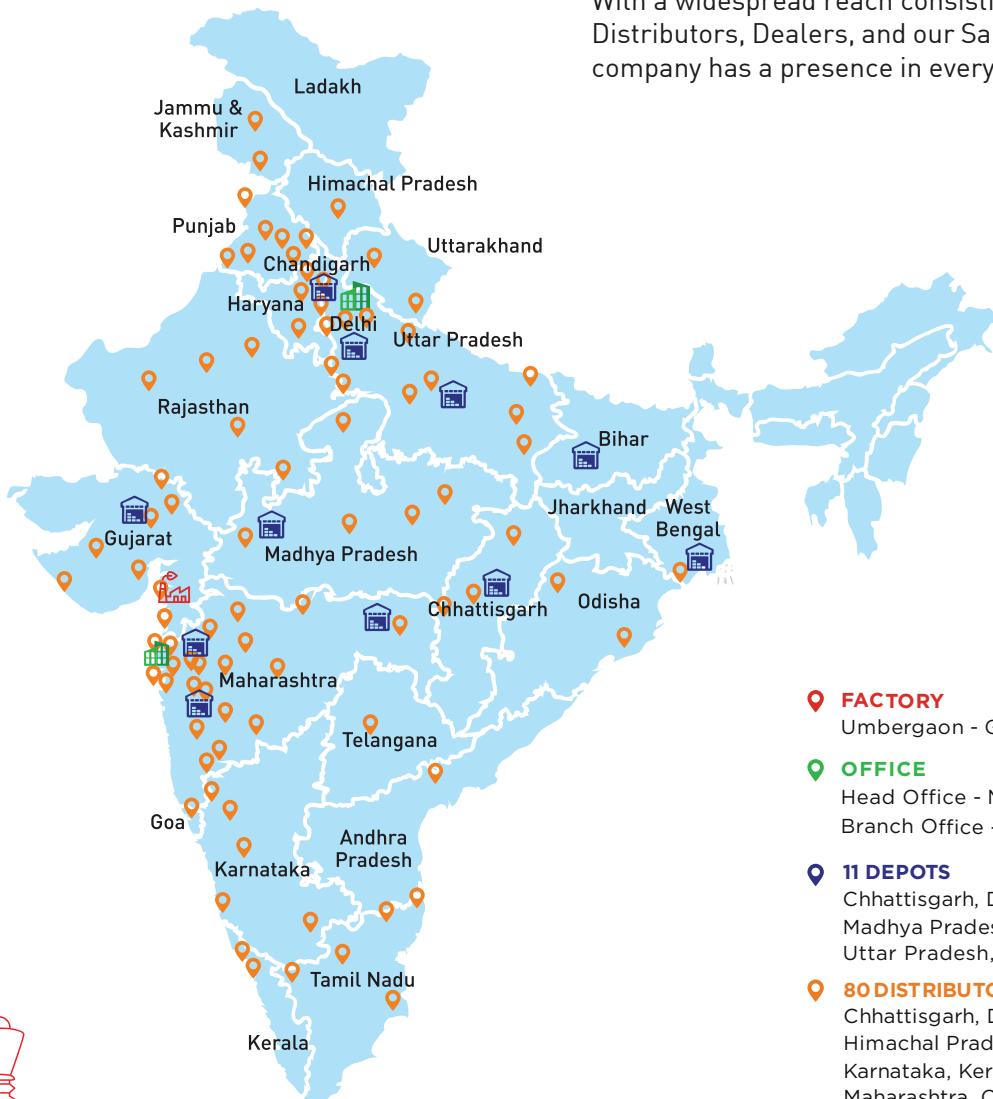

Archer ACPs are appreciated for features such as stain resistance, durability, and environment-friendliness, making it them smart choice for building exteriors and interiors.
